1. Disciplinary Process

Academy Canada subscribes to a process of progressive discipline. Where disciplinary action is required consequences can include verbal or written reprimand, grade of zero on an examination, suspension or dismissal depending on the severity of the situation.

1.1 Academic Dishonesty

Plagiarism: presenting the work of others as your own.

Cheating: (a) Using unauthorized aids, assistance or materials.

(b) Assisting others in cheating

(c) Re-submitting, without the instructor's permission, ones work or that of others for which credit was already obtained in another course.

The consequences of plagiarism or cheating may range from a zero grade on an evaluation to suspension and potential dismissal depending on the severity of the situation.

1.2 Improper Computer Usage and Pornography [Same as HR102 (3)]

The following are computer rules that affect all Academy Canada staff and students. Violation of these regulations may constitute grounds for disciplinary action, including dismissal. As well, all students and staff are required to sign a "Computer Usage and Responsibilities Agreement."

1.2.1 Students and staff are not permitted to use electronic devices (i.e. computer chat/messaging applications, cellular phones, etc.) to communicate with others when completing exams.

1.2.2 Use of Academy Canada Internet connection to access pornographic, violent or otherwise objectionable material is strictly prohibited. Possession of such material on school property is also forbidden.

1.2.3 Downloading of hacking software or instructions is not permitted.

1.2.4 Affecting another computer system in any way - planting viruses or sending nukes” - is considered sabotage and may result in dismissal.

1.2.5 Using computers that have been particularly assigned to other students for training purposes (i.e. some Computer Programming classes) without permission is forbidden.

1.2.6 Accessing computer systems belonging to instructor(s) in any Lab/Classroom is strictly prohibited. Use of these systems without permission will be perceived as intent to obtain unauthorized material.

1.2.7 Downloading and installing computer programs from the Internet is not permitted without instructor permission.

1.2.8 Establishing a Full Control network share, into which anyone can drop files, is forbidden.

1.2.9 Students and staff are responsible for all materials existing on their systems.

1.2.10 Use of non-school software or CD burners is strictly forbidden without the permission of campus or Head Office Administration.

1.2.11 Students and staff are responsible for all materials attached to their Internet accounts. A proxy server will monitor all Internet accounts.
